

Swedish steel means quality - Volvo uses it

Detailed instructions concerning conversion of the Volvo PV 444 into a sleeper will be found in the instruction book.

Sleep tight in your car

It is an easy matter to convert the Volvo PV 444 into a cosy and comfortable sleeper for two. A Volvo PV 444 owner is not dependent on hotels. The Volvo PV 444 is an excellent weekend cottage on wheels.

A special bed support set consisting of two supports and four front seat fasteners is available for those who often sleep in their cars. The adjacent illustration shows how to make a bed when using the bed support set.
